

New Places to Visit

What constitutes a new park is debatable and some of the new places are trails not parks. For example, the East Trail in Turkey Mountain is on property owned by the Town of Yorktown and the Westchester Land Trust. Are four new trails in Mt Kisco each a separate park? Is the Empire State Trail a new park even though the write up combines the North and South County Trailways? The Cuomo Bridge is certainly not a park, but it is a new place to walk or ride.

New Places to Visit – Page Number	
Andre Brook - 160	Kisco Mountain Trail - 409
